EXCLUSIVE CAB INTERIOR TRIM

A distinguished cognac colour with a striking Piano Black decorative finish including silver edges and the use of Exclusive leather creates a very stylish and luxury atmosphere in the cab. A superb environment to feel comfortable and at home.

LEATHER STEERING WHEEL

The 4-spoke soft-grip steering wheel with silver accents is covered with an Exclusive, two-tone high-quality grain leather to provide a superior feel to the driver.

EXCLUSIVE DOOR PANEL

An Exclusive coloured leather door panel under the arm rest is part of the Exclusive trim. As is the black window frame of the door to ensure that the colour of the cab exterior does not interfere with the Exclusive trim inside.

XTRA LEATHER AIR SEATING

The best possible seating for driver and co-driver to ensure a comfortable driving position and prevent driver fatigue. The prestigious, two-tone, full leather upholstery perfectly matches with the Exclusive interior trim of the cab.

XTRA COMFORT MATTRESS

Rest well, drive well. The DAF Xtra Comfort pocket sprung mattress is the absolute top in sleeping comfort.
